It's been a very dry season since the last great move of God's Spirit worldwide. But it's finally here! Becky teaches from hands-on experience on how to be equipped for the last and greatest *Waves of Healing Glory* in history!

SID ROTH

Host, *It's Supernatural!*

One of the most controversial and misunderstood truths in the Bible is healing and how to receive your manifestation after you have asked. Many people look to other people for their healing instead of reaching out and surrendering to our Lord and Savior Jesus Christ. Becky's book, *The Waves of Healing Glory*, is a book you will want to purchase, read, and share with others. We know that a tsunami is huge and overtakes everything in its path. Get ready for this tsunami of healing that God is bringing to the West! God is willing to heal—and this book helps you receive your healing and minister to others.

Dedication

What could be more meaningful, especially in today's world, than a true friend who stands with you through the thick or thin of life? I have been blessed with a group of people, handpicked by God who qualify as being true friends. Not only do they love God, but they also love me, and demonstrate their love toward me by sacrificing their time to intercede for me personally, for my family, for the Healing and Miracles International ministry, and for the people who receive a healing touch of God's love through the outreach of this ministry.

Whatever the need is, no matter how challenging the situation appears, they hold me up with their prayers of faith. To honor them in return, I have shared various testimonies about these special people throughout this work—I know you will see why I am so grateful to have them in my life.

I am honored to have as my friends: Palma, my ministry assistant and close friend; willing Dexter; supportive Tiffany; bold Monica; encouraging Blanche; caring Terri; gentle Odessa; and sweet Martha.

Introduction

It's not the educational aspect of the "how to" lay hands on the sick that creates great miracles. I can effectively train you to do so within a session or two. But what creates great miracles in the natural is birthed deep in the supernatural realm.

Witchdoctors have grabbed hold of my hands and asked me for my power to heal. They have searched my rings, bracelets, and any other thing that might possibly be a trinket of tricks to produce unexplainable miracles. Also, countless numbers of Christians have touched me, even begged me to give them this healing power. God's people have even become angry with me, thinking I was withholding something from them.

And I respond basically the same way to all, "You can have what I have, even more, but you have to surrender to the Messiah—our Lord and Savior—Jesus Christ. And may I be perfectly clear that it's not me or another human being you want to touch—that's idolatry. You need to touch the heart of our God—He's the One you need to grab hold of and not let go."

In this work, *The Waves of Healing Glory*, you will discover the six waves of God that are moving across this earth, plus the counter-waves the enemy is using against the Church. And you will learn the deep secrets in the supernatural realm that will take you to this level of faith

or trust in our Redeemer to work through you as He wills in this latter-day tsunami wave of healing glory.

The Waves of Healing Glory was birthed from many years, and still counting, in my studies of the healing Word of God, practical hands-on healing ministry experience, and from a prophetic vision from the Lord. It is a message for now, especially now, to help empower and embolden the Body of Christ to step into this amazing healing wave of glory of tsunami strength to heal our own physical bodies, minds and emotions, and our spiritual beings—and to heal those around us too. And to heal our nations, cities, and communities during these latter days while chaos is breaking out all around us.

Step into this Living Water. It's what you have been waiting for.

Tsunami Wave of Healing Glory

Along with reading His will and desire for our health and well-being in the Scriptures, the Lord continues to give me dreams and visions and prophetic utterances about waves being released onto this earth. These prophetic sightings started with the following vision I call, *“A Tsunami Wave of Healing Glory.”*

In a vision the Lord showed me on January 7, 2012, a tsunami wave of supernatural healing hitting the Western world. And He said to me, “No longer will people say, ‘Why doesn’t divine healing manifest here?’”

A wave of divine healing is overtaking the West. Expect to get wet!

But along with this wave will be a strong undertow of unbelief that will try to pull you away. Don’t allow satan the liberty to pull you under. Rise to the top and believe.

This wave is different from before. It won’t be in isolated locations with pockets of people receiving. This wave will manifest in all places to all people.

Ministers of healing are rising to the top of this wave. Not only will we minister healing, but we also will equip others to ride the wave.

The blind see, the deaf hear, the mute speak, the paralytics walk, incurable diseases are healed, and the dead rise. Unusual types of miracles are also in this wave—and it has arrived at the Western shores.

Don't be afraid of this Living Water. It's what you have been waiting for. This powerful tsunami wave overtakes and heals all who are willing to step in and get wet.¹

Many are of the mindset that God only heals those who are in poverty-stricken nations. Or the unfortunate ones who don't have access to good medical care. But I ask you, "Is this truth or just hearsay?" It is the latter. We in the Western world have seen how suddenly the richest nations can fall into calamity and financial hardships and share in the same tribulations with the developing nations.

Times are changing, and so too is the earth and its inhabitants. Truly, I say to you that God is not geographical. He goes wherever there is a believing heart, and believing hearts can be found anywhere in the world—in every hemisphere. And the one believing can call out to Him at any given time—morning, noon, or night—and the Lord Himself promises to hear us when we call to Him.

Word of the Lord

The Spirit of the Lord would say to you this day,

A tsunami wave of healing glory has been released throughout the whole earth. It has begun in the deep and unseen things of My Spirit. It is released for such a time as this, when the eternal powers of darkness and the Light are fighting for the right to claim your eternal destination. You are living in difficult days; My prophets of old forewarned you of these so very long ago.

The healing power of My Spirit has been given to you to combat the vile plagues and pestilence that are being released in waves and overtaking the inhabitants of this world. But I say to you, with just one healing touch, one prophetic word of faith from My people who are called by My name and obey,

they can literally eradicate the disease and put it in its place—under the submission of the authority that I have given to those who love Me and are called by My name—Yeshua, your Messiah.

Supernatural Powers of Faith Operate When Faith Is Switched On

The point I want to make clear is that manifestations of God’s promises are not operative because of the physical location of the individual or regional good fortunes, but are activated when the supernatural powers of faith are switched on. Permit me to share a testimony to bring this opening point home for you.

Joaquin is a physically fit young man and a hard worker; but more importantly, he is a Christian who had been suffering with severe back pain for several years. And no matter how I tried to encourage him to activate his faith in God, he struggled to believe at this point in life. You see, he, like so many of our young people, had strayed for a while from his faith, not long, but long enough to open the door for the enemy, satan, to wreak havoc in his life. Since that time, he has rededicated his life to the Lord, but honestly struggled with his faith that God could forgive him and answer him when he called out to Him.

But then Joaquin had one of those revelation moments, an Aha! Moment of Truth when he got it, and the expressions of his life honestly testified that he actually got it! And I pray the same for you—an Aha! Moment of Truth with this message written for you.

I know Joaquin well—he is our son. At the time of this writing he’s 20 years of age, living with his wife, Rose, and their sweet little girl in their home at our “children’s home” at the edge of a village in Guatemala, Central America. He had a personal revelation of this truth of faith just the other day. Now, allow me to set the stage for you a little

more so that you too can receive the same revelation, that God is waiting for you, whoever you are and wherever you are, to call out to Him and turn on your faith.

Most would think Joaquin had an upper edge on the situation, after all he did grow up with a prophetess and healing evangelist for his mom. And yes, he was privy to hear firsthand testimonies of amazing miracles, and even was a witness to a number of them; but even still, life has a way of clouding our spiritual eyes. And furthermore, no longer did his missionary parents live in the upper level above him and his family. In fact, Mom and Dad moved to the United States, while he lives in Guatemala. So no longer does he have the convenience of running upstairs for healing prayer. He has to activate his own faith in the Great Healer—Jesus Himself.

And he did just that—Joaquin activated his faith for his own healing. One morning I received a phone call from him testifying how he received his manifested healing for his back. The day before, he was standing in line at the bank to deposit some money. He saw an old friend and found out she was working in the medical field. He asked if someone where she worked could check out his back and recommend a remedy for the intense pain he had been suffering from for way too long.

As they conversed, he realized it would cost him a lot more money than he had and there would be no guarantee of healing. At that very moment, the words of his mom came rushing to his mind to “Trust God, believe and receive Yeshua’s healing power.” Right then he pray in faith believing he was healed—and he was. He tested it out all day long, and the next morning called me to testify. He said with joy, “Mom, write it down that on May 5, 2020, I received my healing for my back.”

I share all of this because you, the reader of this message, might be able to come up with reasons why you think others have the upper edge to access God’s miraculous healing power—because of where they live, or who they live with, or who they know. But I’m telling you, there

comes a point in each of our lives when we all have to call upon the name of the Lord for ourselves and trust in His healing grace for our own bodies, *and* for those He has entrusted in our care.

As a young husband, Joaquin had to activate this miracle-working power for his wife and their second child who at the time of this writing is expected to arrive soon. Several months ago, we received an emergency phone call from Joaquin saying that Rose was expecting a child, but was in the hospital under medical supervision because she was bleeding heavily, and the reports were bad. A doctor told them to abort the baby, but Joaquin stood his ground and rebuked the head doctor and firmly said, “No!” They would never do such a thing.

Instead of following ungodly counsel of the medical profession, Joaquin called us and we all prayed together in faith and believed and confessed the healing promises in God’s Word over Rose and the unborn baby. A few days later, she was released from the hospital as if nothing had ever happened. The medical professionals witnessed a miracle in a hopeless situation.

We must admit that these are troubling times for us all. And perhaps, like Joaquin and Rose, you need God to deliver you from trouble. Take up strength with these words found in Psalm 50:15 where our faithful God reaches out to us in comfort and says, “*Call upon Me in the day of trouble; I will deliver you, and you shall glorify Me.*”

Obviously, it is God’s will that we are placed on earth, for such times as these, in the midst of distressing times brought on by our enemy—the devil. Not so that we are crushed by these troubling events, but so that we actuate the supernatural power of our faith and display a host of miraculous signs and wonders that bring glory to our Deliverer and Savior—Yeshua.

Now that we see how God expects His people, no matter who we are or where we are or who we know, to switch on the supernatural power of our faith for our physical bodies and for those He has entrusted us

with, let's move into a supernatural tsunami wave of healing glory that is breaking forth all around us.

A Tsunami Wave of Healing

Could it be that God is asking all of His disciples like Joaquin and you and me to release this marvelous healing power to those all around us? I believe so; in fact, I know this to be true. I read His will and desire for us in the Scriptures that He wants us to be well, and that we use His healing power to minister to those in need.

*Beloved, I pray that **you may prosper in all things and be in health**, just as your soul prospers (3 John 1:2).*

*Confess your sins to each other and **pray for each other that you may be healed**. The prayer of a righteous person is powerful and effective (James 5:16 NIV).*

You see, this tsunami wave of healing glory is not just a few isolated cases of healing happening here and there—it is a saturation of healing power for those who want it. If you want to step into this supernatural tsunami wave of healing glory, let's move ahead.

Activate God's Healing Power in Developed Nations Too

You read Joaquin's personal healing testimony of his back and how he activated faith for the life of his wife and unborn baby, but for some reason you may think to yourself, *Well, Joaquin is in Guatemala, which is a developing nation. So he somehow has a spiritual advantage to activate God's healing power because, after all, his options are limited. He has to go to God.* Hmmm, allow me to share with you a recent healing testimony from the Western world, a developed nation.

In October 2018, Penny, from North Carolina, was diagnosed with a tumor after an MRI scan, and doctors were talking about performing

surgery. However, Penny chose to believe God's promise from First Peter 2:24 instead, and stand on it:

Who Himself bore our sins in His own body on the tree, that we, having died to sins, might live for righteousness—by whose stripes you were healed (1 Peter 2:24).

In March 2019, Penny attended a healing conference where I spoke forth a word of knowledge that there was something behind the ear. Twice it was said that the Lord is healing it. Penny knew it was the tumor in her brain, and she had the assurance that she was healed. This prophetic word of knowledge was a confirmation of what Penny was already believing God for, and He brought forth the manifestation during the conference.

Now, Penny is completely off all medicines and no MRI scans are required for two years. She is now committed to telling people, especially in the cancer ward, about her healing and is praying for others who also need a healing touch from God.

This is how it should be—we receive healing and then we release healing. And those we minister to receive and then they release this same healing power of our Great Physician—Jesus—to those in their arena of influence. This spiritual multiplication equation of God's healing power continues to increase.

Whether we are sharing the Gospel of Jesus Christ with signs and wonders, confirming the message one-on-one with a neighbor or in a small group or before the masses, God designed us to make disciples by His example, revealed throughout the Gospels. And God desires that we, His followers, are healed in spirit, soul, and in our physical body. Jesus commands us to do the same as spoken of in the Great Commission found in Mark 16:15-18.

Healing is not geographical. It has nothing to do with where we are born, where we presently live, or how much money we do or don't have. It has to do with the power of the blood of Jesus Christ that redeems us

from our sin and the consequences of those sins—death. And whether premature death comes in the form of sickness and disease or through tragedy—we have been redeemed from it. All we have to do is believe God for our miracle. And even if we don't presently believe this way, we can study the Word of God and learn how to believe.

Perhaps, as you begin to read this book, you may be so full of doubt and unbelief about the healing power of Jesus that you are reasoning away in your mind why you think this is not true, or perhaps to you it's just an oddity, or even isolated cases. If so, I challenge you to read on.

I also want to interject another thought for you to consider, *Just because you live in a developed nation, does this mean you must first try all human options before you turn to God for your healing? Or is it possible to jump into this supernatural tsunami wave of healing and receive your miracle from God?*

Okay, I've shared real-life healing testimonies from both developing and developed nations to prove to you that the healing power of the Lord is not geographical. I've imparted to you the prophetic vision the Lord gave to me about this tsunami wave of healing. And now to fully step into this glorious wave of healing, we should take a good look at what a tsunami is and the workings behind one, and compare a natural tsunami to this supernatural tsunami wave of healing glory that is upon us. This teaching is full of revelation. Are you ready?

What Is a Tsunami?

In the natural:

Tsunamis are giant waves caused by earthquakes or volcanic eruptions under the sea. Out in the depths of the ocean, tsunami waves do not dramatically increase in height. But as the waves travel inland, they build up to higher and higher heights as the depth of the ocean decreases. The speed of

tsunami waves depends on ocean depth rather than the distance from the source of the wave. Tsunami waves may travel as fast as jet planes over deep waters, only slowing down when reaching shallow waters. While tsunamis are often referred to as tidal waves, this name is discouraged by oceanographers because tides have little to do with these giant waves.²

We read what a tsunami is in the natural realm, now let's delve into the spiritual sphere, where the supernatural realm of God quakes and erupts with much greater power. Spiritual waves of healing are formed out in the deep and travel inland and overtake the wickedness the spirits of fear and death cause in these latter days.

How a Tsunami Starts

In the earthly realm, according to our general study, one of the ways tsunamis are triggered is by a large earthquake near or under the ocean.

Spiritually speaking, this tsunami wave of healing glory begins the same way a natural tsunami does—with a great earthquake. This earthquake is recorded in Matthew 28:2 at the resurrection of Jesus when the angel of the Lord came and rolled the stone away and globally announced that Jesus Christ was no longer dead, but risen just as He had said. In this resurrection power of Christ we can and do have a tsunami wave of healing glory.

Now after the Sabbath, as the first day of the week began to dawn, Mary Magdalene and the other Mary came to see the tomb. And behold, there was a great earthquake; for an angel of the Lord descended from heaven, and came and rolled back the stone from the door, and sat on it. His countenance was like lightning, and his clothing as white as snow. And the guards shook for fear of him, and became like dead men (Matthew 28:1-4).

Can you imagine the supernatural power that was released into the physical earth at this moment? I lived in Guatemala for twenty-five years on the Motagua Fault Zone and near a couple of active volcanoes, so by experience I, like everyone living in this part of the world, developed a healthy respect for the power that lies deep beneath the earth's surface. I know by the power of my five natural senses the various ways the earth shakes and rolls, and how the buildings move and sway, and have heard the groanings of the earth during and in between these frightfully powerful events. I have heard and felt the “Fuego (Fire) Volcano” rumble day and night until it spews out of its mouth deadly, liquid fire hundreds or thousands of feet, even miles into the air. And even witnessed its deadly aftermath that instantly buried countless numbers of people.

The earth is filled with power that can alter the events of life instantly, but even still, there is no tremor, earthquake, or volcanic explosion that can compare to that glorious day when the release of His resurrection power caused the earth to quake violently. That supernatural earthquake suddenly released our rescue from the vile darkness of hell and secured our eternity in Heaven with Jesus Christ Himself! Now that's supernatural power to honor and respect!

Tsunami Waves of Healing During Meetings

I have shared with you real-life experiences in the natural concerning the force within the earth, but now I will share with you the real-life supernatural power of God. For years I have been a witness to these waves during healing seminars and conferences. In the beginning of a Holy Spirit-led service, the musicians and the singers usher in the first wave that soothes the soul, the mind, and the emotions and leads people into the presence of God.

As I lay a firm biblical foundation, I see the Spirit shake the fallow (untilled or uncultivated) ground. And as this wave of the Word of God

begins to build out in the deep realm of the Spirit, it reveals the carnality, doubt, and unbelief in the people. And the truth in the power of the blood begins to set the people free, as a wave of repentance washes in. And with each point in the message, a wave of expectancy flows into the hearts of the people in greater measure. Part of the greater measure that I witness in these waves is with the baptism of the Holy Spirit.

For the past seven to eight years, there has been a resurgence of this baptism. The altars are filled with people receiving their supernatural language. Even in denominations that have taught against this for many years, they want to be taught the things of the Spirit and pray in the power of tongues. I believe the reason for this resurgence is to empower God's people with His might for these last days. There comes a point of no return when, after being in the deep waters with Holy Spirit, His great healing power is released and moves speedily—and the tsunami wave of healing glory rushes over the people.

A real-life example of this is when I was ministering in Purcellville, Virginia, and we witnessed a tsunami wave of healing glory break forth with such power that it was undeniably evident that Holy Spirit was loosed in that place. I was ministering the healing power to many when suddenly, I touched the next person and the healing power rushed straight through that section of people. Their healings were suddenly and simultaneously manifesting with no effort. To their amazement and great pleasure, their backs, necks, shoulders, hips, knees, ankles, and arches were instantly renewed.

I have often heard during this point in the meetings the ushers call out, "Slow down, Becky!" But I can't, it's not me, it's the power of His might working through me. I have done everything possible to cooperate with Him, to build the right atmosphere where He is free to move at His will. And when we reach this level in the supernatural realm, He moves fast and furious over His people with a vengeance against the wicked power of the enemy.

One of these fast and furious waves is against the spirit of death that I taught in my previously published book, *Conquering the Spirit of Death*. Again, when Holy Spirit says to me, “*Call the people forward who are battling with cancer,*” the altars fill up with many people afflicted with this demon of death that is fueled by a spirit of fear. I sense great healing glory flow in and throughout these people. And the testimonies keep pouring in that many are supernaturally healed. Not only are people being healed from cancer in great numbers, but from whatever disease that has them bound to this spirit of death.

Waves Recap:

1. First, a wave of worship.
2. Then comes the wave of repentance.
3. Afterward, a wave of revelation truth found only in the Word of God.
4. In the midst of these incoming waves rushes in a wave of the baptism of Holy Spirit with the evidence of praying in tongues.
5. Then comes a fast and furious wave against the spirit of death.
6. Then a most powerful wave of healing glory that cannot be stopped.

Why am I spending time sharing with you what I have been witnessing during these meetings? Because they are examples of what is happening around the world, whether we are inside or outside, in a conference, or out on the street. Wherever God’s people are, this tsunami wave of healing glory is breaking forth.

God wants to use you for His glory in these chaotic times to:

- Usher in His presence through true worship

- Lead people through repentance
- Lay a firm biblical foundation with a Word from Him
- Empower people around you with the baptism of the Holy Spirit
- Activate your God-given authority over the spirit of death
- Step into this supernatural tsunami wave of healing glory

This is how Jesus witnessed to the lost when He walked the earth, and this is the power He has given to you and me to gather in this great end times harvest with signs and wonders that no one can deny.

Do Not Be Afraid

Let's continue on with this glorious account:

But the angel answered and said to the women, "Do not be afraid, for I know that you seek Jesus who was crucified. He is not here; for He is risen, as He said. Come, see the place where the Lord lay. And go quickly and tell His disciples that He is risen from the dead, and indeed He is going before you into Galilee; there you will see Him. Behold, I have told you" (Matthew 28:5-7).

It also says in Matthew 28:8 that not only did they go out quickly, but they went out with fear and great joy. This word *fear*, found in Strong's G5401, means "alarm or fright:—be afraid, + exceedingly, fear, terror." Just like the women in the tomb, we should have this same alarm sounding off within our spirit, the urgency of the times that we are living in. We should care more about the eternal well-being of the people who are not in right standing with Jesus than we do about ourselves who know we are eternally saved. Galatians 6:10 in the Amplified Version of the Bible says it like this:

So then, while we [as individual believers] have the opportunity, let us do good to all people [not only being helpful, but also doing that which promotes their spiritual well-being], and especially [be a blessing] to those of the household of faith (born-again believers).

A spirit of fear is the forerunner to a spirit of death. And we have been a witness of a recent pandemic—COVID-19—and how quickly it spread throughout the earth. What caused this pandemic to spread as fast as it did? Fear. It was fueled by a spirit of fear, but God clearly says, “*Do not be afraid.*” As we look at this portion of Scripture we see what can happen when we say “No!” to fear, and “Yes!” to courage. Courage leads to resurrection power and life; it causes us to see our Lord, which then leads to joy. And joy is a supernatural power that heals and strengthens us. This courage and joy are the supernatural keys we need to overcome the spirits of fear and death.

Great Joy

As we study Matthew 28:8, we read about “*great joy.*” Are our hearts filled with an overwhelming sense of great joy with the thought of His return? During the COVID-19 pandemic people felt fearful and isolated—just what the enemy wanted. Daily work and normal activity came to a standstill, and people became filled with anxiety and depression set it.

It’s important that we talk about this now. Do you feel like your life is going nowhere? I challenge you to no longer allow the enemy to play with your mind. As a believer you are never just spinning your wheels going from no place to nowhere. You are Heaven bound, and your Creator is creating a special place for you in your forever home. Allow your imagination to ponder on this promise from Jesus, “*And if I*

go and prepare a place for you, I will come back again and I will take you to Myself, so that where I am you may be also” (John 14:3 AMP).

Settle the matter in your heart once and for all that you are chosen by God and very special to Him. Let your mind linger in these words from Titus 2:13-14 from the Amplified Version of the Bible:

Awaiting and confidently expecting the [fulfillment of our] blessed hope and the glorious appearing of our great God and Savior, Christ Jesus, who [willingly] gave Himself [to be crucified] on our behalf to redeem us and purchase our freedom from all wickedness, and to purify for Himself a chosen and very special people to be His own possession, who are enthusiastic for doing what is good.

Just think, in the next twinkling of an eye we may meet Him in the air and be eternally transformed from the physical to the spiritual realm.

Listen very carefully, I tell you a mystery [a secret truth decreed by God and previously hidden, but now revealed]; we will not all sleep [in death], but we will all be [completely] changed [wondrously transformed], in a moment, in the twinkling of an eye, at [the sound of] the last trumpet call. For a trumpet will sound, and the dead [who believed in Christ] will be raised imperishable, and we will be [completely] changed [wondrously transformed] (1 Corinthians 15:51-52 AMP).

And it gives me great joy to envision these promises coming to pass in our lifetime. With absolute confidence I do believe in the return of the Lord. And the more I confess my belief in these promises, the bolder in my faith I become. I pray the following verse is true for you:

May the God of hope fill you with all joy and peace in believing [through the experience of your faith] that by the power of the

Holy Spirit you will abound in hope and overflow with confidence in His promises (Romans 15:13 AMP).

Run Quickly

So they went out quickly from the tomb with fear and great joy, and ran to bring His disciples word (Matthew 28:8).

Matthew 28:8 says “*they went out quickly.*” According to Strong’s G5035, this word *quickly* means “speedily, without delay.” Has the Lord been speaking to your heart to get moving and tell the people around you of His soon return? Have you been obedient? If not, why?

About three years ago, the Spirit of the Lord spoke to my heart and said to me, “*Run! Run as fast as you can. Run as hard as you are able. Take as many with you who will come. The time is shorter than you think. Run!*” This command resounds within my spirit, and I have been doing just as He says, “*Run!*” And I impart this same command of the Lord to you now, “*Run!*”

The Height of the Wave

Let’s continue to build upon the teaching of this tsunami wave of healing glory so that you can ride it and release its power to those around you.

The National Ocean Service gives us important information about the height of tsunami waves: “Out in the depths of the ocean, tsunami waves do not dramatically increase in height. But as the waves travel inland, they build up to higher and higher heights as the depth of the ocean decreases.”

Now let’s shed revelation on this comparison of the natural height of the wave to the spiritual tsunami wave so we can release the supernatural power of it. Out in the depths of the ocean the height of the wave is not seen, but it is out in these depths that the tsunami is formed. And so too in the supernatural realm it is out in the deep depths of the workings

of Holy Spirit this is formed and released. But as the wave travels inland where the people in need are, the height of this great tsunami wave of healing glory is seen, and its power is released. And the height of this wave is formed by the deep power of the love of God, which we will talk more in-depth about in Chapter 8, “The Healing Power of God’s Love.”

Warning Signs of a Tsunami

From the SMS Tsunami Warning webpage there are the following warning signs of an approaching tsunami that helps us understand the signs of a natural tsunami before discussing the supernatural tsunami wave of healing glory.

SMS website informs its readers with the following warning:

Fortunately, a few natural warning signs can help you understand that a tsunami is approaching and they can be easily recognized. They include:

- Strong ground shaking from an earthquake: if you are on the coast and there is an earthquake, it may have caused a tsunami, so escape immediately to higher ground or inland, avoiding river valleys;
- Unusual sea-level fluctuations: a noticeable rapid rise or fall in coastal waters is a sign that there may be a tsunami approaching. If you see the water recede quickly and unexpectedly from a beach exposing the ocean floor (the so-called drawback) or a sudden rise of the sea level, escape immediately to higher ground or inland, avoiding river valleys;
- Abnormally huge wave: the first wave in a tsunami wave train is usually not the largest, so if you see an abnormally huge wave, even bigger waves could be coming soon. Run

immediately to higher ground or inland, avoiding river valleys;

- Loud ocean roar: if you hear a roaring sound offshore, similar to that of a train or jet aircraft, a tsunami may be approaching, so escape immediately to higher ground or inland, avoiding river valleys.³

Spiritually speaking the earth is quaking, and supernatural alarms are sounding for us to head to higher ground. We will discuss this further in Chapter 4, “How to Escape to Higher Ground.”

The Drawback

We have also witnessed a spiritual drawback over the past several years that has exposed, brought to light, the ocean floor of our spiritual condition—and quite often we have not liked what has been exposed. To continue on in the spiritual context, in very recent times the shores of this land have even appeared to be waterless, dry, and to many it felt more like a desert with little activity than an active seashore.

But just as a tsunami behaves in the natural, so too in the supernatural realm a mighty surge of power has been building out in the deep seas, and now it’s hitting the shores and working its way inland toward the center of our hearts. Anyone willing to be immersed in its healing power can receive their long-awaited miracle, and many are doing this very thing—immersing themselves and being healed.

Now I’m at another healing service, this one is in North Carolina. The musicians and the singers are leading the way, when Holy Spirit tells me to go and anoint a particular singer with oil. I go and do so straightaway. Well, this woman, Margaret is slain in the Spirit, and begins to weep as she senses an intense burning heat, like a well-stoked fire below her feet, but at the same time she can see it raining over all the people.

At the same time, I speak out prophetically over the people and Holy Spirit is drawing back and revealing the hidden sins among the group. A mighty cleansing began of repentance—from sin to deliverance, from demon spirits to physical healing broke forth; and in that order, conviction, repentance, salvation, baptism of Holy Spirit, deliverance, and then physical healing manifested.

We've read and even reminded ourselves that vengeance belongs to the Lord (Romans 12:19 NKJV). And indeed it does. But what I am witnessing in this tsunami wave of healing glory is that the destructive power in it, isn't against us—it's against satan and all of his wicked works rising up against us. And the power pushing this wave inland is the pure and perfect love of God.

Do not repay anyone evil for evil. Be careful to do what is right in the eyes of everyone. If it is possible, as far as it depends on you, live at peace with everyone. Do not take revenge, my dear friends, but leave room for God's wrath, for it is written: "It is mine to avenge; I will repay," says the Lord (Romans 12:17-19 NIV).

An Even Bigger Wave Is on the Way

The information from the SMS website explains that “the first wave in a tsunami wave train is usually not the largest, so if you see an abnormally huge wave, even bigger waves could be coming soon.”

This supernatural tsunami wave of healing glory continues to increase in size and power. More of His healing glory is being released with each wave of this train. And it is transforming the lives of an even greater sum of people.

I am witnessing a great increase at the altar of the Lord where God's people are publicly confessing their sins. There is a hunger for the uncompromised Word of the Lord, a saturation of His

holy presence that sets the captives free. The altars are filled with God's people being filled with the baptism of the Holy Spirit praying unashamedly in tongues. And His miraculous power is busting loose everywhere.

Even during the shutdown of everyday life with the Coronavirus pandemic and the orders to social distance from one another and not hold public meetings, the healing power of Holy Spirit has not stopped. People continue to believe and receive the manifestation of their much needed miracles. The following is a beautiful testimony of this bigger wave to empower your faith.

On February 21, 2020, at 1:27 a.m. I receive the following prayer request from a woman named Diana:

“Dear Becky, I thank you and God for your ability to help people through prayer. My cousin has been diagnosed with a rare disease called Amyotrophic Lateral Sclerosis (ALS). It's a fast progressing illness and now he is tied to bed, it's very difficult for him to walk and even speak. He is dependent on other people to help him daily with everything. I am asking for a miracle in Jesus' name for this illness to disappear from his body. Amen.”

On March 3, 2020, at 3:13 p.m. I find her email among many other requests for healing prayer. I read and respond with faith:

“Diana, in the name of Jesus, I renounce this ALS, and the spirit of death that goes with it. I declare that his nervous system is recreated and that weakened muscles are strengthened and made whole and all physical functions are restored for the glory of the Lord, amen.”

Then on May 4, 2020, at 5:14 a.m. I receive a response from Diana. She writes to testify with the following report:

“Dear Becky, it’s a testimony. I praise God and you for miraculous healing for my cousin who was diagnosed from the incurable disease called ALS (Amyotrophic Lateral Sclerosis). Today I found out he is healed and no symptoms of the disease. I just want to thank you from my heart for your prayer back in March. God bless you. Praise God!”

And on May 7, 2020, at 2:18 p.m. in the midst of a long list of emails I find and read Diana’s praise report and respond:

“Dear Diana, this is such wonderful news for your cousin and such a beautiful witness for many others who are inflicted with this disease, ALS. Praise the Lord for His goodness!! Amen!”

What a glorious testimony this is! And you realize that I never met her cousin. I never spoke with him personally. I didn’t lay healing hands upon him. What I did do was not allow physical distance to become an issue in his healing process. I did not allow human reasoning or fear of this dreaded disease to detour my faith for his healing. And I honestly joined my faith with Diana’s faith, prayed a sincere prayer of faith, trusted in God’s healing promises, and allowed the healing to manifest.

Can you takes these steps of faith for the welfare of another person? Sure you can. The real question is are you willing to take the time to pray in faith for someone else in need. I believe you will.

Loud Roar

The final warning speaks of a loud ocean roar. The warnings are being sounded throughout the world via the Holy Scriptures and the voices of modern-day prophets.

And for those who fear these times, I add another thought for you to ponder; even though it is called the “end times,” in essence it’s an end

to satan and his corruption—and a brand-new beginning, like turning the page in an exciting book for believers in our Messiah.

Let's get back to Matthew 28 for just a little while longer. I love the clash between the emotions of fear and joy, and how the supernatural power of joy overpowered Mary Magdalene and the other Mary as they ran in faith to see the tomb. There, the angel of the Lord proclaimed the good news about Jesus, "*Do not be afraid, for I know that you seek Jesus who was crucified. He is not here; for He is risen, as He said....*" (See Matthew 28:1-8.) They could only respond the way they did to this roaring message of faith because they truly believed. My prayer of faith for you, dear reader, is that you will hear the good news proclamation throughout this work, overcome the fear of these troubling times, and run in the supernatural power of joy. You too can raise the dead, heal the sick, open blind eyes, and set the captives free.

Spend time today and allow your thoughts to mull over the alarm that is sounding off in the supernatural realm during these days. Along with this supernatural alarm, allow this great joy to flood your soul. An encouraging thought to add to this moment of meditation from God's Word is found in Psalm 119:32 (NIV): "*I run in the path of your commands, for you have broadened my understanding.*"

Prayer

Father God, as I allow my thoughts to mull over the spiritual alarms that are sounding off around us in these last days, I will not fear; instead, I choose to put on joy today accepting the fact that this is all an end to satan and his corruption. But for someone like me, who truly does believe in the saving grace of Your Son, my Savior Yeshua, this is all the beginning of something much greater than even my mind can imagine. I am called to immerse myself entirely into this supernatural tsunami wave of healing and illustrate with my life Your glory, not only in my

body, but for those whom You have entrusted in my care, and to all people everywhere. May I wholeheartedly embrace Your resurrection power and release this great healing power everywhere I go. In the name of Yeshua, I pray, amen.

As we broaden our spiritual understanding of this supernatural tsunami wave of healing glory it's time to soak ourselves in the first supernatural wave of worship, and learn what God really intends for us to do with this life expression.

Faith Assignment

For the next thirty days, I am assigning you to voice-activate your faith with praise for fifteen minutes each day to thank the Lord for this supernatural tsunami wave of healing glory that you are called to be part of. Start by worshipping the Lord for His greatness and for the healing power He released for us by the power of His blood. Start by confessing the following confession of praise and then add your own words from your heart:

“Holy, holy, holy is the Lord of hosts; the whole earth is full of Your glory!” (see Isaiah 6:3). Jehovah Rapha—the God who heals, I worship You and the power of Your redeeming blood to heal us in spirit, soul, and body. I thank You that You choose to bear my griefs, all sickness and disease that attacks me and my loved ones. I give glory to Your most holy name for carrying my sorrows, my physical and mental pain. You were plagued and slaughtered, wounded and defiled because of my transgression, my rebellion against my God. You were bruised and crushed for my iniquities, my perversity, and for my sin. You were chastised for my peace, my welfare, my health and prosperity. And by Your stripes, Your healing whips, I am healed and made whole (Isaiah

The WAVES of HEALING GLORY

53:4-5). *I worship You, Jehovah Rapha. You are the God who heals (Exodus 15:26). In Jesus' name, I pray, amen.*

This confession of praise is inspired from the Holy Scriptures. Use it to start your praise moment and then be creative and personal with words of worship from your heart and thank Him for divine opportunities to come to you to minister to others.

Questions to Ponder and Answer for Chapter 1: Tsunami Wave of Healing Glory

1. Spiritually speaking, how did this tsunami wave of healing glory begin?

2. Where is this wave recorded?

3. Recap; write out the six spiritual waves you read about in this chapter.

4. Why did I share with you what I have been witnessing during these meetings?

5. What does God want to do with you during these chaotic times?

6. What alarm should have sounded off within your spirit at this time?

7. During these times, what should you care more about?

Personal Assessment

What do I need from the Lord? Do I back away from His healing power? Have I been in doubt and unbelief concerning His mighty power to heal? Why do I doubt this move of Holy Spirit to heal us? Or do I believe He wills to heal others, but not me? Why do I believe like this? Do I want to be part of this mighty end times move of the Spirit to heal people in spirit, soul (the mind and the emotions), and in the physical body too? Do I care about people around me who are eternally lost?

Group Discussion

Together as a group, discuss steps you can take to believe and activate your faith to be part of this supernatural tsunami wave of healing glory. Talk about how you have seen this supernatural drawback that has exposed the ocean floor of your spiritual condition. Speak from your heart about having to overcome fear of the current troubling events. Break into smaller groups and pray for encouragement and joy to return to your spiritual hearts.
